OBJECTIVE

I am passionate about exploring the fast growing field of data analysis and modeling. I'd like to join a fast paced organization where I can analyze data and implement solutions to drive growth. In previous positions I've excelled as a problem solver and leader and am looking for opportunities to expand my skill set.

EDUCATION

Santa Clara University, Santa Clara, CA Graduated June 2018
Major: Mathematics
Minor: Computer Science

Lakeside High School, Seattle, WA Graduated June 2014
Advanced Placement Calculus Score: 5/5
SAT Score: 2090—Math: 800

WORK EXPERIENCE

Berntson Porter Corporate Advisory, *Investment Banking Intern*, Bellevue, WA Summer 2017

- Compiled and summarized company data, competitor information, industry trends, and relevant M&A activity to support business development activities
- Developed buyers lists for sell-side M&A clients which included strategic and financial buyers
- Researched and identified suitable acquisition targets for buy-side M&A clients
- Maintained BPCA's internal M&A transaction lists for construction, manufacturing, food & beverage, and logistics industries
- Participated in business development meetings and conference calls with prospective clients

Vicis, Inc., *Production and Finance Intern*, Seattle, WA Summer 2016

- Supported the finance team at sports equipment company that is engineering a new, safer football helmet
- Updated and detailed the fixed assets excel sheet
- Inspected incoming parts of the football helmet for functionality by analyzing blue prints
- Assisted with the testing of helmets both for large singular hits and multiple small hits

Sigma Pi Fraternity, *Housing Chair for Zeta Eta Chapter*, Santa Clara, CA Spring 2015 – Spring 2016

- Chosen by peers to manage the rental agreements for housing for 111 members of the Sigma Pi Fraternity
- Reviewed, negotiated, and executed rental agreements through Real Source Property Management and Santa Clara University
- Managed over \$50,000 of housing deposits for participating members
- Selected compatible housemates for each fraternity house

Baden Sports, *Online Marketing Intern*, Renton, WA Summer 2015

- Managed Amazon Seller Central in a pilot project to determine if it was financially feasible
- Generated new revenue of \$100,000 through Amazon Seller Central during a 12-week internship
- Set inventory and prices for Baden's products on Amazon
- Created and edited product descriptions and images for products sold through Amazon
- Supported the creation of images for the summer baseball advertisement campaign for the AXE BAT

Olympic Tug and Barge – Harley Marine Services, Inc., *Shop/Accounting Intern*, Seattle, WA Summer 2014

- During my office rotation I supported the accounting department as an intern
- Invoiced customers
- Analyzed ship logs to determine expenses
- Created a PowerPoint for incoming employees about the company and its goals
- During my shop rotation I delivered supplies, painted, and cleaned the tugs and barges

Baden Sports, *Warehouse Intern*, Renton, WA Summer 2013

- Worked with a team to assemble various sporting equipment
- Managed inflation line by delegating duties to other employees
- Prioritized tasks efficiently
- Implemented improvements that increased productivity

SKILLS AND INTERESTS
